

POPS TELL BRYAN HE'S THEIR MAN

Rumor That They Have
Nominated Him Is Of-
ficially Confirmed.

SPEECH OF ACCEPTANCE

Says the Principles of the Two
Parties Are Very Nearly
Identical.

CARE NOT TO MENTION 16 TO 1.

Topeka, Kansas, Aug. 23.—[Special Telegram]—The suspense under which the Hon. W. J. Bryan has been laboring with reference to the populist nomination for president, is a thing of the past.

Bryan was officially notified this afternoon, of the truth of the rumor that the pops had named him as their candidate.

Thousands of people visited this city today for the purpose of being present at the notification ceremonies. Special trains were run on all the railroads.

Bryan arrived here at 10:30 this morning, coming from Atchison. The notification occurred at 8 o'clock, and a public reception was held in the meantime.

The local committee escorted Mr. Bryan from Atchison. A crowd of several thousand people met him at the depot with several brass bands. The candidate was then driven to the national hotel.

In attendance the Topeka meeting compares unfavorably with that at Indianapolis. But twenty thousand attempted to hear Bryan, who was not in good voice. The enthusiasm was great, however. By twelve o'clock the state house grounds were filled with sweltering humanity. The ceremonies began with an address by Chief Justice Doster, of Kansas. Chairman T. M. Patterson, of Colorado, followed and then Bryan stepped forward.

In his speech of acceptance, Mr. Bryan spoke, in part, as follows:

Mr. Chairman and members of the notification committee: In accepting the presidential nomination which you tender on behalf of the populist party, I desire to give emphatic recognition to the educational work done by your party. The populist party as an organization, and the farmers' alliance and the labor organizations from which they spring, have done much to arouse the people to the study of economic and industrial questions. Believing, as I do, that truth grows, not in seclusion but in the open field, and that it thrives in the sunlight of full and free debate, I have confidence that the discussion which your party has compelled, will aid in reaching that true solution of pending problems toward which all honest citizens aim. I desire also to express my deep appreciation and liberality of opinion and devotion to principle which have led the members of your party to enter the ranks of another party in the selection of a candidate.

Mr. Bryan then spoke, of the ties and tendencies that banded the populist and democratic party together.

Speaking of the financial issue he said that the silver question was not yet settled, but carefully avoided any reference to the pet theory of "16 to 1."

He took the platform in detail to show that, populist and democratic theories were still identical; and then said:

The New Issues.
"I have called attention to the issues which brought the democrats and populists together and which justified their co-operation during the last four years. Let me now invite your attention to new questions which would justify co-operation at this time even though we differed upon all common questions."

An attack on what Mr. Bryan is pleased to term "Militarism and Imperialism" then followed.

"But even the menace of militarism is but a part of the question of imperialism," he said. "The policy contemplated by the republican party nullifies every principle set forth in the Declaration of Independence, strikes a blow at popular government and robs the nation of its moral prestige."

"Imperialism," he insisted, "bore its

supporters back toward the dark ages." In closing, Mr. Bryan said:
Uses Sonorous Sentences
"Our opponents say the world would laugh at us if we should give independence to the Filipinos. Yes, kings would laugh, aristocrats would laugh, and those would laugh who deny the inalienable rights of men and despise the humbler folks who 'along the cool sequestered vale of life' keep the noiseless tenor of their way; but let this nation stand erect and spurning the bribes of wealth and power show that there is a reality in the principles which we profess; let it show that there is a difference between a republic and a monarchy and the oppressed in every land will see in our flag the hope of their own deliverance and, whether they are bleeding upon a battle field or groaning beneath a tyrant's lash, will raise their eyes toward Heaven, and breathe a fervent prayer for the safety of our republic."

CHINESE REPORT TO THAT
EFFECT SENT OUT.

The Governor of Hunan Province Took

Die of From Long Siege of Hard-
ship.

Shanghai, Aug. 23.—[Special Cablegram]—A Chinese report says that the allies in Pekin demand the execution of Prince Tuan, the leader of the anti-foreign movement.

It is learned that the governor of Hunan province issued placards announcing the extermination of foreigners in North China, and urged the Hunanese to do likewise.

It is also reported here that several ladies of the Pekin legations died from the effects of the hardships of the siege.

Answer Made Public

Washington, Aug. 23.—[Special Telegram]—The state department this morning gave out the text of this government's answer to the proposal for an intercession by China which proposition was declined until peace was guaranteed.

London, Aug. 23.—[The allies are fighting the Chinese outside from Tientsin, Aug. 19.] So Rear Admiral Bruce writes to the British admiral from Taku, under date of Aug. 20, adding that the engagement was reported to have taken place six miles south of Tientsin.

Admiral Bruce also sent a dispatch, dated Pekin, Aug. 17, from the general officer commanding there, in which nothing is said as to the situation in Pekin.

It gives a partial list of the British casualties during the siege of the legations, the death of Captain Bernard Strouts and regrets that "owing to the heavy road and forced march the naval brigade was unable to participate in the entry," adding that the "way they brought their guns by boat and road from Tientsin is an achievement of which they may be proud."

Occupation of the Palace.

An official dispatch from Tientsin, dated Aug. 20, and received at Tokio, repeats that the Japanese occupied the imperial palace at Pekin Aug. 16 and says that about Aug. 12 the dowager empress and the emperor and ministers left Pekin with 3,000 troops, their destination, it is supposed, being Singan, Pekin, being in great confusion, was divided into several districts.

Half the Tartar city was placed under the control of the Japanese, and committees of Japanese, American, British, Russian and French officers were appointed to maintain order. A detachment of Japanese troops rescued the foreign missionaries and Chinese Christian converts who had been imprisoned in the palace. Two hundred Japanese were killed or wounded.

"To-day 1,500 Americans attacked the imperial palace," says a dispatch to the Morning Post from Pekin, dated Aug. 15, "and captured four of the courts. The American flag is flying over the imperial granary, and the Imperial back has been looted."

St. Petersburg, Aug. 23.—A terrible fire is burning in the thickly built portion of Pekin. The soldiers are fatigued with marching and fighting and can not master the flames. The foreigners do not know the whereabouts of the Dowager Empress or Prince Tuan.

DEWET FORCED TO RETREAT.

London, Aug. 23.—[Special Cablegram]—Lord Roberts reports that General Buller has marched to within fifteen miles of Belfast, where the Boer army is supposed to be concentrated. General Buller had twenty casualties.

Baden-Powell and Groebler's advance guards galloped into each other. The British lost a lieutenant colonel and four men of Rhodesians killed, two captains and six men wounded.

General Roberts says General De Wet finds it hopeless to make his way eastward with guns and wagons, and has retreated to the Magiesberg.

His guns have been buried and his personal following is reduced to three hundred men. President Steyn, with a small bodyguard, is now on his way to Machanodorp to join General Kruger.

OMAHA RAN BEHIND FORMER CENSUS

Inflated Figures of Ten Years Ago
Have Been Cut Down Very
Materially.

Washington, Aug. 23.—[Special Telegram]—The census gives Omaha a population of 102,555, as against 144,052 ten years ago. The census of ten years ago, however, was padded to the limit. It is figured that it represented twice the actual population, and that the actual population at that time did not exceed seventy-five or eighty thousand.

PROHIBITION PARTY IS NOW IN SESSION

State Convention Being Held At Madi-
son—Address By Rev. E. L.
Eaton.

Madison, Wis., Aug. 23 [Special Telegram]—Rev. Dr. E. L. Eaton, the well known Methodist minister, sounded the keynote of the prohibition campaign in his speech before the prohibition state convention here last night. His first statement was that the saloon has dominated American politics for thirty-eight years. In substantiating this assertion he said that the saloon power had silenced all the newspapers of the country even including the religious press. By way of comparing the present relations of the great dailies and the liquor interests with their relations forty years ago he cited the New York Tribune under Horace Greeley's management as a conspicuous though not the only example. Continuing the speaker said that the influence of the saloon had given the lockjaw to all our statesmen. He said it had almost silenced the ministers, a remark which provoked much laughter and applause. He attacked President McKinley for his position on the liquor question and after ridiculing and satirizing the chief executive he turned him "William the Silent."

"Still I would not entirely condemn the president," he said, "for he is a good christian gentleman and in sympathy with the majority of the church people. He is better than most of them."

O. W. Van Aiken of Janesville, was elected as the member of the state central committee for the first district.

Rich Placers Discovered.

Cape Nome may be a swindle, as charged, but there is no doubt of the truth of the report that rich placers have been found near Juneau. This will tend to attract more attention to the rich mineral resources of southeastern Alaska. Numerous islands constitute the archipelago of that region and a thorough prospect of them will doubtless yield other profitable placers, to say nothing of the quartz discoveries that may yet be found.

Forest Fires Unlikely.

Recent heavy rains over the Adirondack have thoroughly saturated the soil, besides filling lakes and streams to a greater degree than for years back. As a consequence there is little likelihood that such fires as ravaged the region last August will be witnessed there this season.

J. L. MAHONEY USES FIERY LANGUAGE

Janesville Lawyer Says He
Wants "Bryan, Bohm-
rich or Blood."

SENTIMENT IS CHEERED

The Radicals Were In Com-
mand at the Democratic
State Convention.

THE TICKET AND PLATFORM.

Attorney J. L. Mahoney, who used the expression "Bryan, Bohmrich and blood" in his speech nominating Mr. Bohmrich for governor, was seen by a Gazette man today. Mr. Mahoney said he did not make use of the expression in the sense quoted by the Chicago papers. He did not intend to convey idea that wholesale slaughter was to be inaugurated, or that the streets were to run red with gore. He simply intended to say, in effect, "we are for Bryan and Bohmrich, and are out for blood"—we intend to elect our ticket if possible.

In other words, as is the Hon. James Jeffries when he enters the prize ring, is J. L. Mahoney when he steps into the democratic arena—the fight is to be a finish for "Bryan, Bohmrich and blood."

For governor—Louis G. Bohmrich, Kenosha
For lieutenant governor—Thomas Patterson, Wausau
For secretary of state—Joseph Woodnorth, Milwaukee
For treasurer—August Burtz, Fall Creek
For attorney general—George C. Cooper, West Superior
For state superintendent—H. B. Hubbell, Beaver Dam
For insurance commissioner—Robert A. Thompson, La Crosse
For railroad commissioner—George W. Hill, Antigo

Milwaukee, Aug. 23.—[Special Telegram]—Milwaukee has quieted down again after the holding of the democratic state convention, and the delegates have gone home. The feature of the convention yesterday was the sensational speech by J. L. Mahoney of Janesville.

"Bryan, Bohmrich, or blood" was the concluding sentiment of the speech with which Mahoney placed the name of Louis G. Bohmrich before the convention for the office of governor. The speech was received with tremendous applause, and there was not a man on the platform who did not appreciate the full meaning of the words.

Sensational Speech Cheered

Mr. Mahoney's address was frequently punctuated with applause, but it was not until he said "we want Bryan, Bohmrich, or blood" that the floodgates of the pent-up democratic enthusiasm were opened and the convention broke into cheers.

The reception which the sentiment received confirmed what had been freely asserted during the day, that the convention was in the hands of the radicals. Mr. Mahoney said he believed that the man he would nominate would be the next governor of Wisconsin. He was a leader who could storm the strongholds of the enemy and not only protect himself, but his party. His personal and political record was absolutely clean and he combined the rare qualities of prudence and bravery, courage and caution. He would lead the fight in person and always be found in the front rank, and he was a leader who could go out among the people and tell them face to face of the faith that was in him. He was in the pink and prime of physical and mental health, old enough to be wise and young enough to be brave. His life has been a life of labor and he has always been in touch with the principles and practices of the democratic party. He had rendered heroic service against the infamous Bennett law when the present republican nominee was blowing his loudest blasts in its favor. He characterized that law as a proscriptive un-American measure. He ended by a ringing declaration for Bryan, Bohmrich and blood. After the nomination had been seconded by the various delegations Mr. Bohmrich was named for governor by acclamation.

A committee was appointed and brought the nominee before the convention.

A Radical Platform
The platform adopted is also radical. It indorses all of the issues announced by the national democracy and devotes some attention to the republican party for the enactment of a primary election law it declared for an amendment of the present caucus law and recommended a continuance of the present convention system, which was expressly condemned in the republican party. It also denounces the plans of the republican party in regard to the school system of the state and attacks the proposed amendment to the state constitution relative to the banking laws.

A. F. Warden, of Waukesha, was named as chairman of the state central committee, defeating J. W. Murphy, of Milwaukee.
J. L. Mahoney of Janesville and Wm.

Brown of Walworth county were elected as the first district state central committee.

J. J. Cunningham of Janesville was the chairman of the committee on permanent organization.
The presidential electors named were:
First—G. W. Stevenson, LaFayette.
Second—Benjamin F. Sherman, Dodge.

Third—W. W. Coffland, Grant.
Fourth—H. J. Milman, Milwaukee.
Fifth—Patrick O'Meara, Sheboygan.
Sixth—John Berger, Calumet.
Seventh—Stephen Richmond, Arcadia.
Eighth—A. C. Voshardt, Kewaunee.
Ninth—Amos Holgate, Marinette.
Tenth—George D. Cline, Hudson.

THE POPULISTS WILL STAND FOR IT
Will Not Put a Ticket in the Field This Year.

Milwaukee, Aug. 23.—The People's party of Wisconsin will not nominate a state ticket this year. They decided on this course at last evening's session, of their state convention after a two hours debate in which many delegates took part. They have decided to support the Bryan electors. The convention elected a state central committee, and then adjourned.

Robert Schilling was elected chairman of the State Central committee by the convention, and the committee met after the convention adjourned and elected Herman S. Freihube secretary and Samuel Isaacs treasurer. Sherman Harrington, Walworth, and A. A. Worreley, Racine, are the first district state central committeemen.

Washington, Aug. 23.—[Special Telegram]—McKinley has decided to abandon his Chicago trip for the time being on account of important business at Washington. The President regrets that he will not be able to attend the Grand Army encampment but hopes he may be able to go a few days later than the original program set forth, but this hope is a slim one.

Omaha Today.

Omaha, Aug. 23.—[Special Telegram]—Robbers boarded a Northwestern train this morning near Boone, and went through the Pullman car from Chicago. E. E. Balch, a banker, refused to turn over his valuables, and was beaten insensible. Two other passengers were relieved of their cash, and the total amount secured was about two hundred dollars in cash, drafts and tickets.

HALVOR CLEOPHAS IS THE NOMINEE

Proceedings of the Convention That
Named Him at Beloit Yes-
terday.

Beloit, Aug. 23.—The republicans of the Third Assembly district had a brief but enthusiastic session yesterday afternoon and nominated Halvor Cleophas of Newark to represent the district in the next Wisconsin state legislature. Cham Ingersoll of Beloit made the nominating speech and the convention instructed the clerk to cast the ballot.

The convention was called to order a few minutes past 2 o'clock, and M. M. Murray of Clinton was made chairman while E. A. Hanson of this city was named as secretary. The nomination was made without a hitch and everybody seemed pleased with what they had done.

A communication in form of resolutions instructing the nominee to use all means in his power to secure the passage of a law abolishing the caucus system, met with a cool reception and was laid upon the table. Cham Ingersoll who read the document said it had proceeded from the powers that be at Janesville.

Halvor Cleophas, the nominee of the convention, has been a resident of Newark for over 50 years, having come to Rock county with his parents from Norway when he was one year old. He has been a life long republican and is known as a man of many sterling qualities. He was one of the original La Follette men in Rock county. He is the father of Charles Cleophas of this city.

AKRON MOB BROKEN UP

Militia Put a Stop To the
Lawlessness This
Morning.

BURN CITY BUILDINGS.

Officials Flee For Their Lives
And Escape Under Cover
Darkness.

REIGN OF TERROR ALL NIGHT.

Akron, Ohio, Aug. 23.—[Special Telegram]—With the arrival this morning of the Fourth regiment and two companies of militia from Canton, the suppression of the mobs that terrorized the city became a fact, but the city's reign of terror continued on until daylight.

After exploding dynamite in front of the city's buildings, the mob took the automobile patrol wagon, and ran it into the canal.

Then the city's buildings were set on fire and practically ruined.

It was 3:30 o'clock when the mob deserted the city buildings.

The loss to the city engineer's department is said to be half a million dollars. The efforts of the firemen were fruitless, as the mob cut the hose, fatally wounding one fireman.

So closely was the structure besieged that the mayor and police had to drop out of a rear window and escape in the darkness.

The list of dead includes:

EIGHT YEAR old daughter contractor Davidson.

GLEN WADE, aged eleven.
FRED VORWECK, received charge back-shot abdomen, fatal.

ELEVEN YEAR son Mrs. McGowan, shot in the eye, fatal.

Many other were less seriously injured, total number being twenty-two. At a meeting of the city officials this morning it was decided to close the saloons.

Patrolman Greenlee has been appointed as temporary chief of police. Owing to the shock, Chief Harrison is incapacitated for service.

The feeling against Chief Harrison is so bitter that the latter has left the city for Kansas. The members of the mob say it was he who fired the first shot.

Peck Owns Up.

Cleveland, Aug. 23.—[Special Telegram]—Negro Peck, the cause of the Akron riot, was brought here this morning. He acknowledged the attempted assault, but said he was drunk—so drunk that he could not do much harm. He was much alarmed over the reports of the riot at Akron.

Story of the Trouble.

Akron, Ohio, Aug. 23.—Clamoring for the blood of a negro prisoner who had confessed to assaulting a little girl 6 years old, a mob in the great state of Ohio shed its own blood.

Several thousand angry citizens, led by Theodore Maas, father of the negro's victim, stoned the jail and demanded possession of Louis Peck. They pushed by the guards and searched for the prisoner in vain. A committee was sent in to find the man, with no better results. Again the mob entered the building, but again returned empty-handed.

Open Fire on the Jail.

Frenzied by the enormity of the crime committed, and yelling for revenge, the mob refused to believe the officers' statement that Peck had been transferred to Cleveland, but felt that he was secreted somewhere about the jail. Unable to find him by personal search, the mob began firing upon the building, trusting that some of the shots would ferret out the negro.

Guards in the jail returned the fire, and in the indiscriminate discharge of weapons which followed two innocent children were killed, while many other persons were injured.

Two Children Killed.

The dead are: Glen Wade, 10 years old; shot through the heart. Child of John M. Davidson, 4 years old; shot dead in a baby car. The injured: Fred V. Orwick, 25 years old, 43 North street; badly wounded with buckshot dying at the hospital. Hull, shot in the head and also in one of his legs. Unknown man, driver for the American Express company. John E. Washburn, prison-keeper; knocked down with a brick and badly injured about the head. Arthur E. Sprague, shot in the head. Park Stair, shot in the leg.

NAME ZENO M. HOST AS THE SECRETARY

MEETING OF THE REPUBLICAN STATE CENTRAL COMMITTEE.

Young Milwaukeean Succeeds Gardner P. Stickney—Plans for the Campaign Are Made—First Session of the Newly Chosen Board of Managers Is Held.

Milwaukee, Wis., Aug. 23.—The new republican state central committee met yesterday afternoon and selected Zeno M. Host of this city for secretary to succeed Gardner P. Stickney, who resigned to take charge of the pan-American congress work in this state. D. T. Parker of Fenimore was elected treasurer. W. A. Richter was reappointed assistant secretary and the committee decided to have an executive committee of five members to be appointed by Chairman Bryant. Mr. Parker was at one time talked for the chairmanship. He is one of the original LaFollette men, but he pulled off his coat and helped to elect Scofield two years ago. Mr. Host is a popular young Milwaukeean and a long time supporter of LaFollette.

Ready For Fall Campaign

The session was the first that the new State Central committee has held since the republican state convention a fortnight ago, and it served to place the body on a working basis for the duties of the impending campaign. Gen. Bryant, the recently elected state chairman, presided, while every member, with the exception of C. C. Giffings of Racine and J. A. Frear of Hudson was present, those responding to roll call being P. C. Wilder, Evansville; L. J. Chapman, Waukesha; A. G. Zimmermann, Madison; D. T. Parker, Fenimore; J. A. Stone, Reedsburg; William T. Duke, J. J. Kempf, Charles H. Trump, Milwaukee; S. E. Gerson, Waukesha; A. Noll, Chilton; C. E. Pierce, Germania; W. T. Scales, Sparta; F. M. Miner, Eau Claire; F. A. Cady, Marshfield; Charles Reynolds, Sturgeon Bay; W. J. Davis, Marinette; H. E. McEachron, Wausau; A. M. Anderson, Grantsburg.

Discuss Campaign Outlook

The formal organization of the committee was quickly disposed of, the election of Mr. Host, which since Mr. Stickney's withdrawal has been assured, being followed by the choice of assistant secretary and treasurer, who are named by acclamation. The new secretary, immediately took charge of the minutes and the remainder of the session which lasted nearly two hours, was devoted to a general discussion of plans for the campaign. By invitation of Gen. Bryant ex-Chairman J. B. Treat attended the meeting, and addressed the new committee on its work, offering several suggestions that were favorably received; while various members expressed their opinions as to the outlook of the campaign. It was decided to hold another session during the state fair week next month, and at this time to secure the presence of several of the candidates and party leaders to discuss further and lay out definite plans for opening and conducting the fight in Wisconsin. Most of the members of the committee returned to their homes last evening, though Gen. Bryant and one or two others remained over until this morning.

The New Committee Officers

Zeno M. Host the new secretary of the State Central committee, had been an active supporter of Mr. LaFollette for four years, and he took a leading part in urging the Madison man's candidacy. He has never held political office, though he has always taken a warm personal interest in party affairs. Mr. Host is secretary of the Wisconsin National Building and Loan association which he organized in 1895, and he is president of the Wisconsin Building and Loan association league. He is active in Forester and Knights of Pythias circles.

Dwight T. Parker, who was elected treasurer of the committee, is president of the State Bank of Fenimore. This is his second term on the state central committee, while for years he had been a member of the Grant county republican committee.

W. A. Richter, elected assistant secretary, has been connected with former republican state central committees, having served as private secretary to H. C. Thom in 1894, E. D. Coe in 1896, while he has acted as assistant secretary since Chairman Treat's election two years ago.

PLATFORM OF THE WISCONSIN DEMOCRACY.

The democrats of Wisconsin, in convention assembled, realizing the importance of the political battle about to be waged in the state and nation, and that upon its outcome depends the settlement of momentous issues, hereby make the following declaration of principles:

We affirm the principles as set forth in the platform adopted by the democratic party in convention assembled at Kansas City, and hereby pledge ourselves to give our utmost support by voice and vote to the furtherance of the candidacies of our matchless leaders, William Jennings Bryan and Adlai E. Stevenson.

The constitution of our country provides for a government based upon the broad and humane principle of a government by consent of the governed.

That under this constitution and under these principles we have founded and maintained the most enlightened, the most humane, the best government the world has ever seen.

We denounce, therefore, the abandonment of this principle by the McKinley administration, and the substitution in its stead of the monarchical system of a government by force.

We expressly declare our opposition to the McKinley policy of establishing colonial dependencies as adjuncts to our republic. We denounce the policy as revolutionary, destructive of the fundamental principle of free government and the abandonment of that splendid system upon which was founded our free institutions. We will fight to the last ditch every attempt to establish a military system which necessarily leads to compulsory military service as an obligation of citizenship, and will strenuously oppose the maintenance of a large standing army, unnecessarily, with all its attendant burdens of oppressive taxation.

We denounce the attitude which the McKinley administration has assumed towards the gigantic aggregations of capital, commonly known as trusts. We believe that these are a menace to industrial freedom; that they destroy competition, decrease production, increase prices and have thrown a large army of men out of employment.

We believe that the declaration of the republican party on this question is not sincere, as is evidenced by the fact that during four years of control of the legislative machinery no effective steps have

been taken to control, regulate or prevent the organization of trusts, and for the further reason that many of the leaders of the republican party are themselves promoters and organizers of these destructive combinations.

We favor legislation equalizing the tax laws of the state upon the basis of constitutional uniformity, and a revision of the laws relating to transportation rates and license fees of quasi-public corporations. We declare our opposition to the present system of double taxation and demand that taxes be justly and equitably levied upon all property within the state, whether owned by corporations or individual, without discrimination of favor, excepting such property of religious, fraternal and benevolent associations as is now expressly exempt by law.

We are opposed to joint resolution No. 16, proposing an amendment to Section 1, of article 10, of the constitution of the state of Wisconsin relating to education. This proposed amendment is in conflict with the recently expressed vote of the people as to the supervision of public instructions and opens the way for the vestment of the control of the public schools arbitrarily in the hands of the state superintendent and the taking away from the people of the various counties the election of county superintendents.

We are opposed to joint resolution No. 13 proposing an amendment to Article 11, of the constitution of Wisconsin, giving the legislature power to pass a general banking law and believe that the people should continue to be vested with the ultimate power to vote upon the passage of any banking law.

We condemn the present caucus law, which provides for a complicated and expensive nominating system, and favor such a revision of the same as will result in a simple, direct and inexpensive method of nominating candidates for office and delegates to conventions.

We congratulate the state of Wisconsin upon the efficiency of its National Guard and pledge ourselves to do all in our power to maintain its present high standard.

We pledge the candidates nominated by this convention to honestly, safely and economically administer the business of the state in the interest of all the people.

REV. AND MRS. SMITH SAFE IN PEKIN

JOYFUL TIDINGS ARE RECEIVED AT BELOIT.

Son of the Missionaries Receives a Cable Dispatch, Which is the First News Since the Outbreak Occurred—Great Rejoicing on the Part of their Many Friends.

The news in a cablegram today that the Rev. and Mrs. Arthur H. Smith, missionaries at Pekin, are safe brought gladness to many hearts. Henry D. Smith, a son of Mr. and Mrs. Arthur Smith of Beloit, was overjoyed by the news, which was the first he has heard from them since the outbreak in China. Rev. Mr. Smith was on duty at Pang Chuang. They had taken refuge at Pekin, early, accompanied by Misses E. Gertrude and H. Grace Wyckoff.

News is Confirmed. The cablegram to Mr. Smith is confirmed by a dispatch received by the American Board of Commissioners for Foreign Missions from Chefoo as follows:

"Psalm one twenty-four seven, Pekin and Tung Chow missionaries, also Chapins, Smiths, Wyckoffs saved."

The passage of scripture alluded to is: "Our soul is escaped as a bird out of the snare of the fowlers; the snare is broken and we are escaped."

The Pekin missionaries are: The Rev. W. S. Ament, the Rev. C. E. Ewing, wife and two children, Miss Ada Haven, Miss Nellie Russell, Mrs. J. L. Mather.

The Tung Chow missionaries who had taken refuge at Pekin are:

Miss Mary E. Andrews, Miss Jane G. Evans, Miss Abbie C. Chapin, the Rev. Chauncey Goodrich, D. D., wife and three children; James H. Ingram, M. D., wife and two children; Miss Luella Miner, the Rev. E. G. Tewsbury, wife and two children; the Rev. Howard S. Galt and wife.

The Pang Chuang missionaries who were at the annual meeting and took refuge at Pekin are: The Rev. Arthur H. Smith, D. D., and wife, the Misses E. Gertrude and H. Grace Wyckoff.

Lin Ching missionaries under the same conditions are: The Rev. F. M. Chapin, wife and two children.

PUSHING THE WORK AT MORGAN FARM

Fifty Men Are Busy Running Stone Crushers and Other Road Building Machinery.

Fifty men are now employed at the Morgan farm near Beloit building roads, making walks, grading tracks and laying the foundation for the house. They are divided into groups under capable bosses and are rapidly carrying out the plans of the architects and gardeners.

An immense stone crusher is in operation and turns out tons of the broken rock every day. This is hauled about the place and is used in the road making and feeds the concrete mixer. This latter machine is a mechanical wonder. It is the same kind which is used by the government in dock building and performs the labor of many men. Four men shovel the rock and cement into the machine and it comes out all thoroughly mixed and ready for use. It is a very interesting operation to watch for those who have never seen one. The same kind of machine is used in making the cement abutments for the Janesville & Southeastern railroad.

The foundation walls of the house are now up about six feet and if good weather permits they will be completed this week. The house will be started at once and the work pushed as rapidly as possible.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

Loved by the people, hated by the would-be rivals; the foe of disease, its friend of humanity—Rocky Mountain Tea made by the Madison Medicine Co. Smith's Pharmacy, Kodak agents.

E. RAY STEVENS IS OUT FOR ASSEMBLY

The Former Janesville Man is a Candidate For Representative From a Madison District.

E. Ray Stevens of Madison, a member of the law firm of Jones & Stevens, and a former Janesville man, yesterday announced himself a candidate for the republican nomination for the assembly for the Madison district. The announcement has attracted considerable attention for the reason that Mr. Stevens is expected to occupy a conspicuous place in the lower house of the legislature. He is exceedingly well informed on the questions to come before the next legislature, and is known to be in close sympathy with the reform program of Mr. LaFollette. He was graduated from the academic course of the university in 1893, and from the law school in 1895, having spent half of one year studying economic questions in Europe. Mr. Stevens is popular in Madison, and has been an active worker for the republican party both while in the university and since he has been practicing his profession.

ACCIDENTS AT LINE CITY

Charles B. Pollock and Fred Trafford Are Painfully Injured.

Charles B. Pollock, a young man employed on a farm near Beloit was severely hurt while working on a hay press. The sweep of the press struck Mr. Pollock on the shin bone making a bad fracture and a wound which was extremely painful. The bone was not entirely broken, but was shattered and splintered in a very unusual manner.

Fred Trafford was struck on the chin and chest by pieces of an emery wheel which burst while he was working over it at the Dowd Knife Works. A piece struck Mr. Trafford on the chin, laying open a wide gash which required three stitches to sew it up. Other pieces of the stone caused bruises on his chest.

INDIAN FAMINE TERRORS

Dr. Klopsch Describes Some of the Fearful Suffering.

HORRORS OF THE POORHOUSE.

Frightful Scenes Witnessed at the One in the City of Baroda—Victims of Disease by Hundreds Lying in Wretchedness Without Medical Treatment.

That famine still stalks abroad in India despite the falling of rain is vouchsafed for by all travelers returning from the stricken land. Help is still needed, and immediate help at that. Dr. Louis Klopsch, proprietor of The Christian Herald, who recently returned from India, gives a chapter from his experiences there. The last place visited by the doctor before his return home was Baroda, a city of 110,000 inhabitants and the capital of a native state of that name. Arriving there early in the morning, he visited the palace of the gajekwar and admired its magnificent architecture and sumptuous modern furnishings. With his companion he then went to the poorhouse.

"In due time," continued Dr. Klopsch, "we reached the antithesis of the gajekwar's palace. I had become accustomed to sights nauseating and revolting, but the Baroda poorhouse stands out as the most terrible conglomeration of abject misery that ever met my gaze. Almost stifled and stupefied we wended our way through the dead and the dying, with smallpox, dysentery, fever and cholera to the right and to the left, leaving terror behind us, only to find horror awaiting us.

"At the entrance to the poorhouse stood a woman, blind. Reduced to a living skeleton, the balls of her eyes were actually decaying in the sockets of her ghastly skull, and flies innumerable were acting the part of scavengers undisturbed. Her clawlike hands inactively hung down her sides until she heard our footsteps. Then they were raised appealingly in the direction of the sound, while she mumbled almost inaudibly her plaintive petition. I quickly got beyond her reach and then, as I supposed, unobserved placed a rupee in her hand. In another instant a dozen other miserable remnants of humanity pressed forward, pleading vociferously for help. Just then the attendant appeared and promptly ordered them back.

"I entered the first of many wards, separated from one another by a bamboo partition. It was full of patients suffering from every manner of ailment. Cholera, dysentery and guinea worm predominated. On some cots the unfortunates were doubled up. The temperature was appallingly high. The air was laden with an odor superlatively offensive. The cots were defiled, reeking with filth. No attempt was made at treatment. I called for the physician. There was none. A hospital assistant with not so much knowledge of medicine as an apprentice in a pharmacy was in charge. How many of these people will be saved? I asked. "They come here to die," was the stoic response.

"What we saw in the first ward was only a specimen of all the others. Our heartstrings were wrung until the ever present consciousness of our own utter helplessness became so oppressive that a continuation of the tour threatened to unnerve us. We stepped out into the square skirted by the bamboo enclosure and into the brazen sun. There before us, on the ground, without shade or protection of any kind, stark naked, lay several women in the last throes of the cholera. We were anxious to get away, but it occurred to us that thus far no children had been in evidence. So we made inquiry concerning them and learned that they were kept in what is termed the kitchen.

"In a bamboo inclosure, under the supervision of a fat, turbaned Hindoo, sat 300 skeletonized diminutive creatures, mostly naked, all sickly and miserable and many of them totally blind. Never have I seen anything approximating in abject misery and utter destitution, this gathering of innocents. Not a cry escaped their lips. With the exception of the blinking of the eyelids there was no indication of life. The sanitary conveniences and the kitchen were one. The whole concern seemed dazed. Death seemed to be enshrining the Baroda kitchen and all it contained.

"Suddenly there was a stir. Two men bearing a can of milk appeared in front of the Baroda tent. The children became animated. The Hindoo revived. He came over to where we were standing and informed us that milk was to be given to the feeble children. As soon as some of the tin cups were filled the children scrambled for them. There was not enough for more than a fourth of the number, and the more vigorous ones got what there was. The feeble ones went without it. We asked the Hindoo how many of the little ones died daily. He professed ignorance, but volunteered the information that their bodies were burned.

"We crossed the square that led to the gate, but before we reached it we were surrounded by groups of starving people piteously pleading for a few pice with which to purchase grain. Tears actually trickled down the cheeks of many of the supplicants as they held up to our gaze their emaciated, shriveled little ones. Children prostrated themselves to the ground, chattering in a strange tongue and with frightful rapidity of utterance the story of their woes. I verily believe that not one of the 1,200 who were in the Baroda poorhouse that morning ever came out alive. It was a veritable dead house, and those who once entered seemed hopelessly doomed."

MORE BRITISH CAPTURED.

Five Officers and Twenty-Four Men Taken by Boers.

London, Aug. 23.—The war office has received the following dispatch from Lord Roberts, dated Aug. 21:

"Lieut.-Col. Sitwell, reconnoitering near Ventersburg, engaged the Boers. Two British were wounded. Lieuts. Spedding, Davenport, Surtees and Watson and a medical officer and twenty-four men are missing.

"Hamilton has crossed the Crocodile river. "Paget and Baden-Powell engaged the commandoes protecting Dewet Aug. 20. Lieut. Flowers and one man were killed. Lieut. Kirby and six men were wounded.

Holmans Seize Lord Roberts.

Antwerp, Aug. 23.—The members of the Belgian ambulance corps expelled from South Africa by Field Marshal Lord Roberts have arrived here on an English steamer. They complain bitterly that they were treated as prisoners throughout the voyage. The same vessel brought over one of President Kruger's grandsons.

Twyfelaar, Tuesday, Aug. 21.—Through secret intelligence agents the British learn that Louis Schalkburg and 8,000 Boers have assembled at Machadodorp with the whole of the Boer artillery, including the heavy pieces formerly at Pretoria.

Pretoria, Tuesday, Aug. 21.—The trial of Lieut. Cordua, formerly of the Transvaal artillery, on the charge of being concerned in the plot to kidnap Gen. Lord Roberts, was concluded today.

The prisoner was found guilty of all the counts in the indictment against him, but sentence was deferred until the findings of the court shall have been confirmed by Lord Roberts.

NO ANARCHIST PLOT.

Secret Service Chief Wilkie Denies the Recently Published Story.

Washington, Aug. 23.—With reference to the stories which have been printed lately about plots to assassinate President McKinley, Chief Wilkie of the secret service department says they are pure fakes. "A couple of undruggable Italians fell under suspicion and were investigated. It was found that one was an ex-convict and the other a pauper. They were deported. The fact that the secret service departments looked up their records caused some yellow journals of New York to dream the anarchist plot story. There is nothing unusual in the fact that secret service operatives handled the case. It is the practice for the various departments to call upon Mr. Wilkie's bureau when it wants any special matter looked into, and has not the facilities to do the work. In such cases the department making the request defrays the expense. It is not the function of the secret service bureau to furnish a body guard for the president.

The president is always guarded when he travels. His position exposes him to cranks of all sorts. During campaign seasons, when excitement runs high and cranks are more numerous, the precautions are increased. It may be stated that personally the president feels not the slightest uneasiness, and were it not for his friends would never have a detective or a policeman about him.

ENGLISH SUBJECTS CLUBBED.

Sixteen Negroes Injured in New York Riots File Complaints.

New York, Aug. 23.—The British consul in this city stated that he had received sixteen complaints from colored men claiming to be British subjects, who allege they were injured in the recent race rioting in New York. These men claim to be natives of British possessions in the West Indies.

Alfred Atkins is one of those making complaint. He is a parlor-car porter, and while he was on his way to his home from the Grand Central station, ignorant of the race war then going on, alleges he was beaten and almost killed by whites. He was rescued by policemen, but it is said barely escaped rougher treatment at the hands of the police. Atkins is about 30 years old and a native of Kingston, Jamaica. He is employed by the New York, New Haven & Hartford road. He called on the British consul, who said he would investigate his case.

Two Railroad Men Killed.

Weston, W. Va., Aug. 23.—Near Brooks Run, on the West Virginia & Pittsburgh division of the Baltimore & Ohio railroad, a handcar jumped the track and with seven men fell into a creek forty feet below. Caleb Carbett was instantly killed and his father, who was terribly mangled, died in two hours. Caleb Prince received terrible injuries, but will recover. The other four were not seriously hurt.

We have just placed on sale 85 pieces of all wool French Flannels, 45 pieces in the new Persian patterns, the balance in dots, dashes and floral figures. Early in the spring, realizing the demand there would be for these much sought for goods, we searched the New York and Chicago markets over and placed our order for the choicest and most exclusive patterns.

It is, without doubt, THE line of French Flannels in Janesville.

Whether you wish to purchase or not you are invited to inspect these beautiful Flannels.

We also show 33 different shades in plain French Flannels.

THE MAN OF THE HOUR

A Magnificent Portrait of

PRESIDENT

McKINLEY

Reproduced in Ten Colors from a Late Photograph, for which the President specially sat, at the request of the Publishers.

(SIZE 14 x 21 INCHES.)

It has been printed for us on heavy plate-paper, in a form suitable for framing, by one of the largest art lithograph houses in America, in the famous French style of color-plate work. Every American family will want one of these hand-some pictures of the President. It must be remembered that this picture is in no sense a cheap chromo, but is an example of the very highest style of illuminated printing. It will be an ornament to any library or drawing-room. Our readers can have the McKinley portrait at what it costs us (namely, ten cents per copy) by merely filling out the coupon below, and sending it to this office, at once. There will be such a demand for this portrait that we advise sending orders at once. As many copies as may be desired can be had on one coupon, providing ten cents is sent for each copy. Write name and address plainly, and remit in coin or postage stamps.

The republicans of Rock county made three excellent legislative nominations yesterday when Charles L. Vallentine, Almeron Eager and Halvor Cleophas were named in the first, second and third assembly districts, respectively. All three candidates are well known to the people of the county as men of character and ability.

Former United States Consul Macrum at Pretoria is now a traveling salesman for a glass factory. The arrangement is most appropriate, as Mr. Macrum will be remembered as the gentleman who told the transparent stories about his Uncle Sam's relation with Cousin John Bull.

The First Assembly district convention endorsed the La Follette caucus law plan by a close vote, but in the Second and Third districts no such action was taken. A resolution to that effect was offered at the Third district convention, but was laid on the table.

H. H. Grace of Superior, the democratic candidate for secretary of state two years ago, announces that he is going with Bryanism and will support the republican ticket this fall. Next!

Three members of a Texas mob have been sentenced to life imprisonment for lynching a man, and the necktie habit, in the Lone Star State, promises to be less in evidence in the future.

However, it will be noted that the clarion voice of the Hon. C. B. y of B-t was not heard in the democratic state convention.

But one republican convention remains to be held—the senatorial convention to be held at Milton Junction on September 5.

The banana trust, however, is also in danger of tripping up on the peeling.

LIKE SENATOR WHITEHEAD

A Valuable Official.

Mondovi Herald—Senator John M. Whitehead is a candidate for renomination by the Republicans of the Twenty second district. He should be returned to the senate. His record during the past two sessions of the legislature has been very creditable. Mr. Whitehead is first of all a thoroughly honest man, and he combines with integrity more than ordinary ability and an untiring industry. He is a good legislator because he is honest and works untiringly to acquaint himself with pending measures. He is fearless in advocating or opposing measures before the senate, and though he does not speak very often he commands attention when he does speak, and always impresses the senate with his sincerity and familiarity with the subject in hand. He is too valuable a man to be retired in private life.

Evansville Is For Him.

Evansville Enterprise—Hon. John M. Whitehead has shown his manhood in many ways and especially in withdrawing from the gubernatorial contest at a reasonable time and it is only justice to him and his constituents that he be

our undivided support for re election and we are quite sure he will receive this support from the delegates from this city and they will have the satisfaction of seeing their man re-elected to the senate as he ought to be. A progressive man and honest statesman. Give him your votes at the proper time.

No Time For Compliments.

Madison State Journal—Ex Gov. Hoard's paper says that ex-Assemblyman Rutherford will receive the vote of his assembly district to the senatorial convention, which meets at Milton Junction, Sept. 5. Complimentary flurries of this sort are untimely in view of the demand of the state for Senator Whitehead's return. Gov. La Follette will need some fighters at his right hand and Whitehead's claxon call always carries votes with it. For ex-Gov. Hoard to do anything to block Senator Whitehead's return, must subject the former's good citizenship to vigorous citizens.

BIG BATTLE AT TIENTSIN.

Allies Fight the Chinese Outside the City.

(Continued From Page 1.)

Aug. 15. All except imperial city cleared of Chinese troops. American troops first to enter imperial city. Have penetrated to the gates of the palace. Capt. Reilly, 5th artillery, killed on 15th.

"Morning 19, 6th cavalry, and about 400. English and Japanese, dispersed about 15,000 Boxers, eight miles outside of Tientsin. About 100 Chinese killed; five Americans wounded. "Chaffee's losses, six killed, thirty wounded; two days' fighting.

"Remey." The navy department understands from the reference to the palace that the American troops after penetrating the imperial city, were, when the dispatch was sent, attacking the forbidden city. This is the inner inclosure of the imperial city.

The war department has received the following cablegram:

"Tientsin, Aug. 19.—Adjutant General, Washington, with reference to your telegram of 16th: 'Horses, materials and troops promptly lightered at Taku and forwarded to front. Sixth cavalry mounted. Grant (transport) due in Manila now. Hospitals excellent; ample for present army; well supplied and in fine condition. "Everything satisfactory. Go to Peking tomorrow. Sick and wounded doing well. Barry."

CHAFFEE IS TO ADVISE.

Government Looks to Him for Information on Which to Act.

New York, Aug. 23.—A special to the World from Washington says:

The war department has sent Gen. Chaffee a cablegram of four words which practically takes things out of Minister Conger's hands and puts Gen. Chaffee in the position of the utmost responsibility.

The message said: "Report operations, situation, requirements."

There is no intention of depreciating Minister Conger. The government has the liveliest sense of gratitude for him, but it is not deemed expedient to act on his dispatches, because, after his terrible experience, he is naturally embittered and possibly unconsciously biased, and because he needs and deserves a rest.

Russia to Borrow.

Odessa, Aug. 23.—Information received here confirms earlier reports that the Russian government is negotiating a large loan from the United States. The Chinese war has drained the country's finances.

WERE CAUGHT BY CUPID

Davis-Thornton

Miss Ida May Thornton, daughter of Mr. and Mrs. Nathan Thornton, and John M. Davis of this city were united in the marriage at the home of the bride's parents, 208 North Bluff street, at 8 o'clock last night. The Rev. W. A. Hall performed the ceremony that made them man wife. Only the immediate families of the contracting parties were present at the ceremony.

An appetizing wedding supper was served immediately after the ceremony. The bride is a capable young lady. The groom is in the employ of the Peoples Ice Co., and will take his bride to a cosily furnished home at 105 North Williams street.

Their many friends wish them a happy wedded life.

Dolley-Nolan.

At the parsonage of St. Patrick's church at 8 o'clock last evening the Rev. J. J. Collins united in marriage Miss Theresa Nolan of this city and Lewis C. Dolley of Seattle, Washington.

The happy couple were attended by Nettie Nolan and Walter Nolan, sister and brother of the bride.

After the ceremony a reception was given the happy couple at the home of the bride's parents, Mr. and Mrs. Thomas Nolan, 216 Gold street. An elegant wedding supper was served which was enjoyed by the many guests present.

The bride is a young lady well known in this city where she has grown to womanhood and whose friends are without number. The groom is employed as an operator by the Great Northern railroad at Seattle, and is held in high esteem by the company. Mr. and Mrs. Dolley will remain in this city a few days before leaving for their home in Seattle.

TABACCO SEVERELY CUT UP.

Loss to crops..... No estimate
Loss by fire..... \$2,000

The storm which struck Janesville this morning about 2:30 o'clock was one of the most severe of the season.

It was accompanied by sharp lightning and considerable hail, which did great damage to the growing tobacco crops.

The hail covered a strip of country about three miles wide and many miles in length, extending across the city in a southeasterly direction, the storm coming from the northwest. The hail storm did not last long, but while it did last it did thousands of dollars' damage in the strip of country covered by it. The most damage was done to tobacco practically in the city limits. East of town there was scarcely any hail beyond the old Ruger homestead. On the west there is not much beyond the golf grounds. North of the city there is a bad strip many miles in length and towards the south it is the same way.

It is extremely unfortunate that the storm should come just at this time when the great bulk of the tobacco is about ready for harvesting. The farmers had looked upon a certain harvest of one of the finest crops of tobacco ever raised in southern Wisconsin.

The lightning also did considerable damage. About three o'clock this morning it struck a large hay barn and tobacco shed on the farm formerly owned by T. H. Edden and now owned by Ed and H. Hopple in the town of Harmony. The barn and its contents were entirely consumed, entailing a loss of over two thousand dollars. At the time of the fire the barn contained a large quantity of hay and grain besides numerous farm implements. It was fortunately that the rain was falling heavily at the time or it would have made a clean sweep of all the buildings on the place, they being grouped around the burning building, none of them being more than thirty feet distant. All are badly scorched. The loss is partially covered by insurance.

Fire at the Knoll Farm.
A bolt of lightning struck a barn on the Henry Knoll farm in the town of Porter and two barns were destroyed by the fire that followed. Mr. Knoll also lost two hundred bushels of oats, three tons of hay and his farming tools. His loss is \$500 with \$350 insurance in the Phoenix Co., represented by Ed Connell.

Three Horses Killed
Carl Hanson, a laborer living on Sharon street in the Third ward had his barn struck by the lightning about 4 o'clock. The bolt entered the rear of the barn toward the south, splintering it extensively and throwing pieces of plank a long distance from the building. The bolt went on down through the barn and out the front door, and in its passage through the barn it struck and killed three horses that were standing in their stalls headed toward the south end of the barn where the lightning first entered. The horses were the entire support of Hanson and his family who are poor people and the loss falls on them with crushing force.

Caused Small Fire
Lightning also struck near the Grand Hotel and followed the electric wires into the bar room setting some netting over a picture on fire. The fire was discovered by the night clerk who extinguished it before any damage was done.

Considerable damage of minor nature was also done about town by the rain, wind and lightning.

C. C. Bennett's House Struck.

Lightning also struck the residence of C. C. Bennett on North Jackson street. The bolt followed the telephone wire to the side of the house. Here it left the wire and made a small hole through the siding and went through to the wall into Mr. and Mrs. Bennett's bedroom where jumping from the wall to the gas fixture and disappeared. Mr. and Mrs. Bennett received quite a shock from the lightning and were stunned for a min-

ute or two. The flash lighted up the entire house and the inmates thought the building was on fire.

The residence of Mrs. Thomas Lappin in the Third ward was struck by lightning during the storm and a chimney demolished. No other damage was done other than giving the family quite a scare.

CAN GET A PLANT TO EMPLOY 300

Janesville People Have A
Proposition Worthy Of
Investigation.

TO MAKE A PATENT BED

Invention of Mrs. George T.
Stenhouse Formerly
of This City.

ARTICLE HAS A LARGE SALE.

Do the citizens of Janesville want a factory that will employ three hundred men in the manufacture of a staple and salable article of household furniture?

If they do, they must act quickly. If \$10,000 worth of stock is placed, the industry can be secured, but there is no time to be lost.

The article in question is the Stenhouse convertible bed couch, hundreds of which have been sold in Chicago at \$45 each. This bed is the invention of Mrs. George T. Stenhouse, whom Janesville people will remember as Miss Kitty Roberts. It is covered by patents in the United States and foreign countries, and has been on the market for some time. It has been exceedingly popular, and its sale has been large.

Mr. and Mrs. Stenhouse are now in this city on a visit, and a Gazette man interviewed Mr. Stenhouse this morning concerning the report that a plant to manufacture the beds could be secured.

Came Here On Vacation.

"My wife and I came here for a vacation," said Mr. Stenhouse, "and had no idea of anything else, but since we have been here the idea has been suggested by friends. Since then it has had serious consideration. Of course Mrs. Stenhouse would like to make Janesville her home, and if it can be arranged, we will locate here.

"The Stenhouse bed, which is my wife's invention, has had a large sale. As I have no time to devote to the business, it has been made under contract, and sold on royalty through only one Chicago house. I now have the time to devote to it, however, and have several propositions under consideration. Two other cities want the factory, but Janesville can have it if the people desire.

Future Prospects.

Dealers say the bed is the first thing of the kind in the market, and despite the fact that it has sold at \$45, which is admittedly a high price, hundreds have been sold. If they were made in our own factory they would be sold at a less figure—at a price where everyone who wanted one, could have it. Judging from our past business, and from my interviews with the Chicago house that has handled the bed, it would require a force of 300 hands to fill the orders we would get at the reduced price. There is no speculation about this. We know what we are talking about.

"No expensive machinery is needed in its manufacture, and \$10,000 will equip a plant to work three hundred men. We seek no donations, but will issue dollar for dollar in stock. I have talked with a number of citizens about the project, and all think well of it. I shall be here a few days, but am subject to a telegraphic call to leave at any time. We had not figured on anything of this kind, but if the people of Janesville are interested, we will be glad to confer with them."

The Invention.

The "Stenhouse bed" is an iron bed, which can be folded, making a handsome Davenport sofa. It is a revolution and revelation in convertible iron beds. Of simple construction and easily operated; a luxurious Davenport sofa by day and a comfortable double bed at night. When used as sofa the bedding forms a soft seat and back, adding so much to its utility and comfort, and thus obviating the necessity of removing the bed clothes as in the majority of folding sofas. This bed is necessarily sanitary, is proven by the material and construction. The design is entirely new and the upper portions of head and foot consist of finely lacquered brass rods and scrolls. When closed the seat measures 25 inches in depth and the back upwards from the seat is 24 inches high.

It has been sold by the John M. Smyth Co., of Chicago, and Mr. Smyth says its sale would be phenomenal if the price could be cut to the figure that can be named if it is manufactured at first hands. The business in Chicago alone, would, he says, amount to thousands of beds, while New York would use a third more than Chicago.

The Stenhouse proposition therefore, would appear to be exceedingly favorable, and the project should be investigated thoroughly. Janesville needs all the factories she can get, and this would appear to be an opportunity par excellence.

CRYSTAL SPRINGS OPENING

Favorite Up-River Resort Once More Open to the Public.

Crystal Springs Park is once more open to the public. Capt. Alex Buchholz announces that his favorite up-river park will re-open next Sunday. On account of the low stage of water in the river of late the steamer Columbia has been unable to run. Now that repairs have been made to the dam the river is once more navigable. Next Sunday Prof. Smith's full orchestra will play. Other attractions will be on hand. Steamer Columbia can be hired now for private or public parties.

THE LOCAL GOLFERS

GO TO ROCKFORD

About Forty Members Leave on the Morning Trains for the Forest City.

About forty members of the Siniissippi Golf club left this morning for Rockford, Ill. While there they will be the guests of the Forest City club who have made elaborate arrangements for entertaining them.

They will be met at the depot by a delegation of Rockford club members headed by Mayor Brown.

Luncheon will be served for the visitors in the club house.

In the afternoon there will be a match between teams from the two clubs. In the evening a dancing party will be given in the club house. Arrangements have been made with the C. M. & St. P. R. R. to have a special coach attached to the freight which leaves Rockford at 1 o'clock for the convenience of those who stay to the party. A number are expected to come home on the early train, but the majority will stay until the special leaves.

Paderewski's Estate.

Paderewski does not have to depend upon piano-pounding for his support. A letter received in Chicago says that the artist derives a good income from the wine, fruit and vegetables produced on his estate at Morges, Switzerland. The orchard contains 5,000 cherry trees, from the product of which some excellent kirsch is distilled, and the vegetable garden is large enough to stock a market place. His suppleness of fingers, however, does not come from doing his own weeding.

TODAY'S CHICAGO MARKETS.

MOB RULES CITY OF AKRON.

Attacks the Jail After a Battle with the Police.

LIST OF DEAD AND INJURED.

Frenzied Crowd Attempts to Secure Louis Peck, a Negro, Who Had Assaulted a 6-Year-Old Girl—Dynamite Used on City Building.

Continued From page 1.

Alonzo Manchester, fireman; shot in the neck; serious. John Horn, shot in the arm.

A report has been received from the city building by telephone that one of the officers had both of his legs broken and that another was badly wounded.

Sends to the Governor for Help.

Mayor Young was in the building and sent an appeal to the governor to call out the militia. All the ambulances of the city were in use and the excitement became intense. The front of the city building is a total wreck.

Set Fire to Columbia Hall.

Shortly after midnight the mob broke into a hardware store and stole all the firearms and ammunition it could find, including guns, rifles and revolvers, and proceeded to the city building and again opened fire on the defenders, and finally set fire to Columbia hall, which adjoins the city building.

Riot Rules the City.

At 1 o'clock riot held full sway. Columbia hall burned to the ground and the city building was on fire. The fire department was called out and was unable to do much work, as one fireman had been shot and the rowdies cut the hose at every opportunity. The trolley wires and some of the electric light and telephone wires in the center of the city were cut.

The mayor telegraphed to the Cleveland police department for forty policemen.

The office of the Journal-Beacon, opposite the city building, was partly demolished by stones and bullets.

All the officers who had been penned up in the city building for two hours escaped through a rear window and ran for their lives.

Blow Up City Building.

At 1:45 a. m. dynamite was used in front of the city building. The first charge just fired smashed all the windows in the city building and did much other damage. All prisoners were released. The crowd threatened to destroy the city building with dynamite.

Peck Confesses His Crime.

During the day Peck, who was arrested, confessed to Prison-Keeper Washer of having attempted to assault the girl, who is the daughter of Mr. and Mrs. Theodore Maas, industrious and respectable people, who live on Perkins hill. On Monday night he offered to give the child a ride in his buggy. Christina accepted the invitation and a few hours later she was found on the side of a road west of the city. In the police court he pleaded guilty and was bound over to the Common Pleas court, his bail being placed at \$5,000.

The story of his confession spread like wildfire throughout the city, and officers learned that an attempt would be made at night to lynch him. Peck was badly frightened, and was greatly relieved when he and another negro, Bud Howard, under arrest for shooting John Forbes, were sent to Cleveland for safe-keeping.

Columbus, O., Aug. 23.—Gov. Nash has received the following appeal from the mayor of Akron to quell the riot in that city:

Troops Sent to Akron.

"Akron, O., Aug. 23, 12:50 a. m.—To His Excellency, Gov. Nash, Columbus, O.: Serious riot. City building attacked by a mob of several thousand. Three or four people killed, eight or ten seriously wounded. Have ordered out both local companies. They are unable to cope with the situation. Please sanction what I have done, by wire and order one or two companies, either from Cleveland or Canton, to come to Akron at once. Call me by telephone. If you desire further information wire me at once.

W. B. Young, Mayor."

Gov. Nash came to the executive chamber of the capitol at 1:30 a. m., and immediately took steps to furnish the Akron authorities assistance. Col. Potter of the 4th Ohio infantry, which is now in camp at Minerva park, near this city, was ordered to take his regiment at once to Akron.

MILLIONS OF ITEMS.

War Material for Africa in a Scheduled Report.

Some idea of the cost of the South African war may be derived from the amount of war material sent out. It appears from an article in the Edinburgh that 170 millions of small-arm ammunition have been forwarded. The following figures give the corresponding provision of artillery ammunition: Over 100,000 rounds for the 12-pounder H. A. gun; over 330,000 rounds for the 15-pounder field gun; over 30,000 rounds for the 5-inch howitzer; over 20,000 pounds for the 5-inch gun; nearly 21,000 rounds for the 4.7-inch gun; nearly 380,000 rounds for the pom-pom. The clothing statistics are as follows: Drab suits, much over 200,000; khaki suits, about 80,000; boots (pair), over 370,000; woolen drawers, over 400,000; jerseys, over 200,000; worsted socks, over 850,000; worsted socks, over 170,000; flannel belts, over 40,000; flannel shirts, over

500,000. Besides this, some 18,000 tents, 420,000 blankets, 300,000 water proof sheets, and other such general stores have been sent. As regards food, though much has been collected in the country itself, the exports have been gigantic, 80,000,000 pounds in weight of the 58 items (meat, bacon, cheese, pea soup, etc.), having been dispatched. The difficulties of package may be imagined from the estimate that 622,000 bottles of different kinds were included in these supplies. Interesting items are 10,000,000 pounds of jam and marmalade, 27,000,000 pounds of biscuits, 1,500,000 pounds of tobacco, 20,500,000 pounds of preserved meat. Of forage 79,000 tons were sent from English, and 154,000 tons from foreign and colonial ports.—Lloyd's Weekly.

SEE BUFFALO BILL AT BELOIT TODAY

Big Crowd is Drawn to the Line City by the "Congress of Rough Riders."

Beloit, Aug. 23.—[Special Telegram]—A big crowd was in Beloit today, being drawn here by the Buffalo Bill Wild West show. There was no trouble of any kind, and it was said by attaches of the show that the stories of the riot at Prairie du Chien were greatly exaggerated.

Dexter W. Fellows, the press agent of the show talked with a News reporter saying:

"No shots were fired except by the special officer, Vavra, and none were wounded besides two of Buffalo Bill's artillerymen. Vavra while under the influence of liquor picked a quarrel with the two artillerymen, shot them both, and was pursued by the comrades of the wounded men but managed to escape.

"The city marshal and one of his deputies in trying to shield Vavra in the saloon in which he found refuge were roughly handled but at no time were the safety and property of citizens endangered. No houses were demolished or burnt as stated in press dispatches and the streets were not filled with cow boys mounted and with guns.

"The whole affair can be directly attributed to the action of their special officer, Vavra, who with his 'tin star' badge of authority, assumed an exaggerated sense of his own importance, and sought to impose upon a set of men who expect and desire only our own break.

"Col. Cody upon learning of the disturbance went to their rescue and ordered the men to the grounds, his orders being splendidly obeyed.

"Col. Cody expects and enforces the strictest discipline among his men but as regards this specific instance feels, as do very many of the witnesses to the affray, that they were more sinned against than sinning.

Gettysburg Battlefield.

An extension of two miles is to be made to the avenue on the Gettysburg battlefield. The new road will complete what is known as Confederate avenue. It will follow the Confederate artillery line, where, during the battle, 300 guns engaged the Union artillery preceding Pickett's memorable charge. Scattered along the avenue will be eighty guns, which were used during the civil war, and which will mark the sites of the Confederate batteries.

Tribe of Jews Rediscovered.

Herr Lieberman, a Jewish officer with the German forces in China, has just rediscovered the tribe of Jews native to China who were first found centuries ago. They constitute a small and dwindling community at Kalefengau, the capital of the province of Honan, where the high priests calculate their people have been settled for 2,000 years. They have the Jewish features and retain the form of worship they brought with them from Israel through Persia and India, but in every other way are Chinese.

When Chinamen Meet.

On meeting a friend the form of greeting in China is for a man to clasp both his own hands before him, make a slight bow and say, "Tsing, tsing," which means "Hail, hail," and is equivalent to the American "How do you do?" Another form of greeting consists of words which mean, "Have you eaten rice?" to which the answer is, "I have eaten enough."

MUTTON STEAKS.—Cut a half inch slice from a first piece of Southern mutton. Unless the steak is eaten very hot it is not nice, so it is well to see that everything is ready before broiling the steak, as this part requires but a few minutes. Place a platter over hot water, and on it put a piece of butter the size of a walnut, a generous tablespoonful of currant jelly and quarter of a teaspoonful of salt. Grease the bars of the broiler and place the steak upon it. Turn constantly over a bright fire for about eight minutes, or until there is no more red juice. Put it on the heated dish and turn in the mixture a couple of times and serve at once. When properly prepared, this makes an exceptionally fine dish.
